Programme

25–27 September 2017
Prague, Czech Republic

Programme committee chairs

Ladislav Dušek (Czech Republic)
Director of the Institute of Health Information
And Statistics of the Czech Republic

Thierry Ponchon (France)
United European Gastroenterology
Chair of the Public Affairs Committee

Monday, 25 September 2017

Prevention, screening and early diagnosis of serious diseases in the light of current evidence and practical experiences – **symposium in Czech language**

You can visit conference website (in Czech language):
<http://prevon.uzis.cz/>

Tuesday, 26 September 2017

9:30–11:30

Workshop: Implementing innovations in colorectal cancer screening: Transition to quantitative immunochemical testing

Chairs: **O. Májek, S. Halloran**

9:30–9:50

Faecal testing in colorectal cancer screening:
state of art
S. Halloran

9:50–10:00

Czech National Coordination Centre for Prevention of Serious Diseases: platform for systematic introduction of innovations to early disease detection
O. Májek

10:00–10:20

Implementation of population-based faecal occult blood testing and transition to immunochemical tests: experience from England
S. Halloran

10:20–10:35

Role of primary care in population-based colorectal cancer screening: current situation and future prospects
B. Seifert

10:35–10:50

Quantitative immunochemical tests: evidence on accuracy and implementation considerations in the Czech Republic
P. Kocna

10:50–11:05

Quality-assured immunochemical testing – proposal for a pilot project in the Czech Republic
O. Májek, Š. Suchánek

11:05–11:30

Structured discussion & wrap-up

11:30–12:00 Lunch break

12:00–13:00

Press conference

13:00–13:30

Opening ceremony

Symposia: Digestive cancers

13:30–15:50

Pancreatic cancer: The main challenge

Chairs: **P. Poc, J. Rosendahl, A. Stunt**

13:30–13:40

General introduction

P. Poc, L. Dušek

13:40–14:00

How to identify high-risk population

N. Malats

14:00–14:20

Burden, prevalence and prognosis of pancreatic cancer in 2017

S. Barbu

14:20–15:00

Surveillance in patients with hereditary risks or chronic pancreatitis

J. Rosendahl

15:00–15:20

Detection of sporadic pancreatic cancer - time for change

P. Frič, J. Škrha, A. Šedo, P. Bušek, M. Laclav, P. Škrha, B. Seifert, M. Zavoral

15:20–15:40

Patient perspective

A. Stunt

15:40–15:50

Conclusion: What do we need first?

J. Rosendahl

15:50–16:30 Coffee break

16:30–18:00

Other digestive cancers: Next to be screened?

Chairs: **L. Dušek, T. Ponchon, P. Burra**

16:30–16:55

Screening of Barrett: Is it cost-effective? Is there a high-risk population?

T. Ponchon

16:55–17:20

Surveillance of hepatocarcinoma in cirrhotic patients
P. Burra

17:20–17:45

Is there a role for screening gastric carcinoma or preneoplastic lesions?

M. Dinis Ribeiro

17:45–18:00

Discussion: Which are the priorities?

T. Ponchon

19:00 Welcome Dinner

Wednesday, 27 September 2017

Symposia: CRC screening

08:30–10:50

State of the art in Europe

Chairs: **M. Van Leerdam, T. Ponchon**

08:30–08:35

Introduction

L. Dušek

08:35–08:50

State of the art in Western Europe
TBC

08:50–09:05

State of the art in Eastern Europe
M. Leja

09:05–09:45

Differences between on-going programmes

- 1) The Netherlands: **E. Dekker**
- 2) Germany: **T. Seufferlein**
- 3) Poland: **M. Løberg**

09:45–10:00

Interactive discussion

10:00–10:50

State of the art in the Czech Republic
CRC screening: Czech experience in implementation

- 1) Role of comprehensive cancer care networks in organising colorectal cancer care: Experience from CANCON project
L. Dušek

- 2) Lessons learnt from cancer screening programmes as an example for establishing the Czech national coordination centre
O. Májek

- 3) Practical challenges in establishing and running the Czech national colorectal cancer screening programme
T. Grega, O. Májek

10:50 - 11:20 Coffee break

11:20–13:00

Why and how to start a population based CRC screening programme?

Chairs: **S. Špánik, E. Dekker**

11:20–11:40

Cost-effectiveness analysis of a screening programme
I. Lansdorp-Vogelaar

11:40–12:00

Choice of screening method - factors to take into account
M. van Leerdam

12:00–12:20

Parameters for monitoring
I. Lansdorp-Vogelaar

12:20–12:40

Quality assurance and logistic organisation of a programme
F. de Bels

12:40–13:00 Discussion

13:00–14:00 Lunch break

14:00–15:50

Optimizing participation in ongoing CRC-screening programmes

Chairs: **B. Seifert, L. Dušek**

14:00–14:20

State of the art of the participation in Europe
N. Segnan

14:20–15:50

Why do we have different levels of participation in Europe?

- 1) Influence of the programme design

Pro GP implication: **F. de Bels**

Cons GP implication: **E. Dekker**

- 2) Influence of the population type

How to tackle inequalities

S. Halloran

- 3) Influence of the message

J. Wilkes

- 4) Influence of the patient associations and/or influence of a champion

L. Colemont

15:50–16:00

Conclusions

Chairs: **L. Dušek, T. Ponchon**

Faculty for Tuesday/Wednesday

Sorin Barbu (Romania)

Patrizia Burra (Italy)

Frederic de Bels (France)

Luc Colemont (Stop Darmkanker)

Evelien Dekker (The Netherlands)

Ladislav Dušek (Czech Republic)

Přemysl Frič (Czech Republic)

Tomáš Grega (Czech Republic)

Stephen Patrick Halloran (United Kingdom)

Iris Lansdorp-Vogelaar (The Netherlands)

Monique van Leerdam (The Netherlands)

Marcis Leja (Latvia)

Magnus Løberg (Norway)

Ondřej Májek (Czech Republic)

Nuria Malats (Spain)

Pavel Poc (MEP)

Thierry Ponchon (France)

Mario Dinis Ribeiro (Portugal)

Jonas Rosendahl (Germany)

Nereo Segnan (Italy)

Bohumil Seifert (Czech Republic)

Thomas Seufferlein (Germany)

Jan Škrha (Czech Republic)

Stanislav Špánik (Slovakia)

Ali Stunt (Pancreatic Cancer Europe)

Justin Wilkes (Spink Health)

Conference will be held in the Prague

Congress Centre

Address: 5. května 1640/65, 140 00 Prague 4,

Czech Republic
